## Summer Grammar 2019 Incoming 5<sup>th</sup> Grade Students

June 11, 2019

Dear Rising Fifth Grade Students,

In preparation for beginning fifth grade in September, you will be learning about sentence diagramming through a teaching/learning style called “flipped classroom.” What this means is that you will watch videos at home on your phone, computer, tablet, etc. of the lessons about sentence diagramming. That way when we start in September, you will already have an idea about what sentence diagramming requires. This is a skill we practice daily and one that you’ll master by the end of fifth grade.

These video lessons will be posted on my YouTube channel by July 1, 2019. You can find my channel by searching “Mr. Andrade” on YouTube, or by clicking the following link (<https://www.youtube.com/channel/UCPi94CJgmXd0fDbLwsZ6gRw>) I will post links to each video on my class website as well (<https://sites.google.com/lawrencecatholicacademy.org/mrandrade/home>).

You will be expected to complete the following pages by Monday, September 9, 2019. At the end of each video, I will explain which worksheets you will need to complete based off of what the video covered.

Please note that is the first time I am running a “flipped classroom.” There are bound to be some learning curves for all of us, so I appreciate your openness, patience, and flexibility.

Thank you,

Mr. Tyler Andrade, M.Ed.  
Fifth and Sixth Grade English Language Arts Teacher
