

MEAL PROGRAM

Lawrence Catholic Academy is participating in the National School Lunch and Breakfast Program. As part of these programs, LCA will offer healthy meals every school day at NO COST to the students due to the implementation of the Community Eligibility Provision a provision from the Healthy, Hunger-Free Kids Act of 2010 that allows schools to provide free breakfast and lunch to all students for school year 2024-2025. This means that students will be entitled to one (1) free breakfast and one (1) free lunch, daily.

A breakfast and lunch must be a complete reimbursable meal. This means each meal needs to have components such as a grain, protein, and a fruit or vegetable to be considered complete. Students may opt out of taking a breakfast in the morning and may bring their lunch from home if they'd like.

Special Meal Accommodations

Lawrence Catholic Academy (LCA) takes food allergies seriously. We are committed to working with students, parents/guardians, and medical providers to minimize risk and provide a safe environment for students with food allergies.

LCA Food and Nutrition Services will make reasonable accommodations after receiving a signed request from a medical provider through dietary orders or as stated in a child's emergency care plan. The statement must include the items the student cannot eat and may include the items that can be substituted. Parents are encouraged to contact our Food Service Director if they have questions or concerns related to any food allergens.

Meal Substitutions for Medical or Special Dietary Reasons

USDA Regulation 7 CFR Part 15b requires substitutions or modifications in school meals for children whose disabilities restrict their diets. A child with a disability must be provided substitutions in foods when that need is supported by a signed statement from a licensed physician.

In Cases of Food Allergy

Generally, children with food allergies or intolerances do not have a disability as defined under either Section 504 of the Rehabilitation Act or Part B of IDEA, and the school food service may, but is not required to, make food substitutions for them. However, when in the licensed physician's assessment, food allergies may result in severe, life-threatening (anaphylactic) reactions, the child's condition would meet the definition of "disability", and the substitutions prescribed by the licensed physician must be made.

School food service may make food substitutions, at their discretion, for individual children who do not have a disability, but who are medically certified as having a special medical or dietary need. Such determinations are only made on a case-by-case basis. This provision covers those children who have food intolerances or allergies, but do not have life-threatening reactions (anaphylactic reactions) when exposed to the food(s) to which they have problems.

Medical Statement for Children with Special Dietary Needs

Each special dietary request must be supported by a statement explaining the requested food substitution and must be signed by a recognized medical authority. Medical statements completed by parents or guardians will not be accepted. The Medical Statement must include:

- An identification of the medical or other special dietary condition which restricts the child's diet.
- The food or foods to be omitted from the child's diet; and
- The food or choice of foods to be substituted.

Non-Discrimination Statement

In accordance with federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, this institution is prohibited from discriminating on the basis of race, color, national origin, sex (including gender identity and sexual orientation), disability, age, or reprisal or retaliation for prior civil rights activity.

Program information may be made available in languages other than English. Persons with disabilities who require alternative means of communication to obtain program information (e.g., Braille, large print, audiotope, American Sign Language), should contact the responsible state or local agency that administers the program or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339.

To file a program discrimination complaint, a Complainant should complete a Form AD-3027, USDA Program Discrimination Complaint Form which can be obtained online at:

<https://www.usda.gov/sites/default/files/documents/ad-3027.pdf>, from any USDA office, by calling (866) 632-9992, or by writing a letter addressed to USDA. The letter must contain the complainant's name, address, telephone number, and a written description of the alleged discriminatory action in sufficient detail to inform the Assistant Secretary for Civil Rights (ASCR) about the nature and date of an alleged civil rights violation. The completed AD-3027 form or letter must be submitted to USDA by:

1. **mail:**

U.S. Department of Agriculture
Office of the Assistant Secretary for Civil Rights
1400 Independence Avenue, SW
Washington, D.C. 20250-9410; or

2. **fax:**

(833) 256-1665 or (202) 690-7442; or

3. **email:**
